EXECUTIVE SUMMARY

The existing joint Health and Safety Policy statement requires the new Commissioners endorsement and signature.

So far as is reasonably practicable and with due regard to the nature of policing, the Commissioner and the Chief Constable must ensure the provision and maintenance of safe and healthy working conditions, equipment and systems of work for all employees.

The Commissioner and the Chief Constable are also responsible for the health and safety of non-employees (i.e. members of the public, contractors) who may be affected by their activities, preventing accidental loss through personal injury, damage to property and maintaining a safe and healthy environment.

As per the Health and Safety at Work etc. Act 1974, and other legislation, the Commissioner and the Chief Constable must have a written Health and Safety Policy statement and bring it to the attention of all employees.
